With over 15 years of experience in architecture and urban design, both in Romania and the UK, Esenghiul Abdul has been involved in the development, planning and execution of complex projects. She has acquired significant expertise in designing large-scale residential developments such as Avalon Estate and Marmura Residence and office projects such as Millo Offices and Tandem Building. Additionally, Abdul has been involved in the development of masterplans and the design of public spaces while also experimenting with sustainability-oriented resource management systems and smart technologies.
