

BUILDINGS IN THE PUBLIC GREEN SPACE AREA	
15a	Hangar 6 Forge and primary thermal treatment
15b	Hangar 6 Extension to the forge and primary thermal treatment
15c	Hangar 6 Extension to the forge and primary thermal treatment
21	Plant laboratory and social facilities
21A1	Hanging walkway between buildings 21 and 25a
22a	Conservation - packaging - delivery section
25A1	East-side annex of 25c Turnery
25A2	North-side annex of buildings 25a and 25c
25a	Rings and bearings large series assembly
25c	Ring turnery, production of roller and ball bearings
25d	Extension of treatment, correction, assembly
26	Thermal plant 3
43	Pumping, filtering, recirculation, emulsion - reinforced concrete industrial building
44	Pumping, filtering, recirculation, emulsion - reinforced concrete industrial building
	Mostly underground building of very low height with unknown destination, currently used as thermal plant by nearby operators
45	Unknown
46	Unknown
	Metal sheds and underground tanks, possibly part of a wastewater treatment plant or a debit regulation tank for cooling water
51	Plumbing complex and a water cooling tower
52	Gas regulation station
56	Gas desulphuration station
57	Gas desulphuration station
58	Oil management station

BUILDINGS IN PRIVATE OWNERSHIP	
1	Administrative pavillion
2	Compressed air equipment, mechanical and electrical maintenance and annex, foundry
3	Mechanisation/Automatisation section and annexes
4	Main storage, tools & devices
5	Garage
6	Firehouse garage
8	Drafting center
9	Research center
10	Hangar 1 Machines, mechanisation, automatisaton
11	Hangar 2 Toolshed
18	Technical annex
19	Unknown
20	Canteen
27a	Cylinder section
27b	Self-lubricating gears and cylinder section
28	Surface treatments
42	Unknown initial destination

BUILDINGS OUTSIDE OF THE PUBLIC GREEN SPACE IN THE OWNERSHIP OF BRASOV MUNICIPALITY	
7	Machine tool section
12	Hangar 3 Cage assemblies section
13	Hangar 4 Needle bearing section
13A	Annex to Hangar 4 Needle bearing section
14a	Hangar 5 Small and special bearing section
14b	Hangar 5 Small and special bearing section
16a	Cold drawn steel storage
16b	Extension of cold drawn steel storage
17	Abrasives management unit
22b	Conservation - packaging - delivery section
	Conservation - packaging - delivery section - shed with metallic roof
22bA1	
23a	Special bearings section - technological hall
23b	Special bearings section - multi-level building
24	Technical-social annex
24A1	North-side hanging walkway between buildings 24 and 25b
24A2	South-side hanging walkway between buildings 24 and 25b
25a	Rings and bearings large series assembly
25A3	South-side annex of buildings 25b and 25c
25b	Ball bearings section
29	Sludge settler
30	Metal structure shed
31	Tar management unit
32	Pump unit
33	Fuel distribution storage
34	Locomotive depot
35	Oil storage
36	Emulsion and WS filtering installation
37	Oil filtering and regeneration station
38	Tank management unit
39	Emulsion filtering and breakdown station - storage for the ammonia distribution station
40	Recirculation station (potentially for heating, associated with the thermal plant)
40A1	Heat recycling
40A2	Oil storage with mixed structure - metal and brickwork, with asbestos roof
41	Shed with metal roof and structure
47	Water cooling tower, potentially associated with building 40
48	Industrial water management unit
49	Water cooling towers
50	Water cooling towers
53	Shed with metal roof and structure, possibly for raw material storage
	Greenhouses - metal and glass building with horticular greenhouse; hotbed greenhouse, greenhouse building and transportation offices H17
54	
55	Unknown, possibly access gate
