Dear Stefan,

On behalf of the Architects' Council of Europe (ACE), I would like to extend our sincere congratulations on your re-election as President of the Romanian Order of Architects (OAR).

We also warmly congratulate the members of the newly elected Governing Board and all elected representatives, and we wish them every success in their forthcoming mandate.

ACE greatly values its longstanding relationship with OAR and our shared commitment to advancing the architectural profession through key European initiatives.

We look forward to continuing and further strengthening our cooperation particularly on matters of common interest at both European and international levels. We highly appreciate OAR's active engagement in ACE's work, including its valuable contributions to our Working Groups and Board activities.

We are confident that this close collaboration will continue throughout your mandate and support the ambitious programme of work ahead. We also welcome the recent progress towards the development of a National Architectural Policy in Romania, marked by the signing of the Memorandum of Understanding with the Ministry of Development.

Please accept our sincere best wishes for a successful and productive mandate. I would be delighted to meet with you in Barcelona during the UIA World Congress in June and to discuss our continued cooperation.

Yours sincerely,

Daniel Fügenschuh
President
Architects' Council of Europe
